

# HOW TO CREATE YOUR OWN E-BOOK FOR THE iPad

1.

Decide what will be the content of your e-book. Create a document in Mircroft Word, Google Docs or Pages. If using Pages, you can download the following formatted template [http://images.apple.com/support/pages/docs/ePub\\_Best\\_Practices\\_EN.zip](http://images.apple.com/support/pages/docs/ePub_Best_Practices_EN.zip)

In Pages save document as .epub. To convert .doc, .docx or .pdf files, use <http://www.zepub.com/> or other converters.

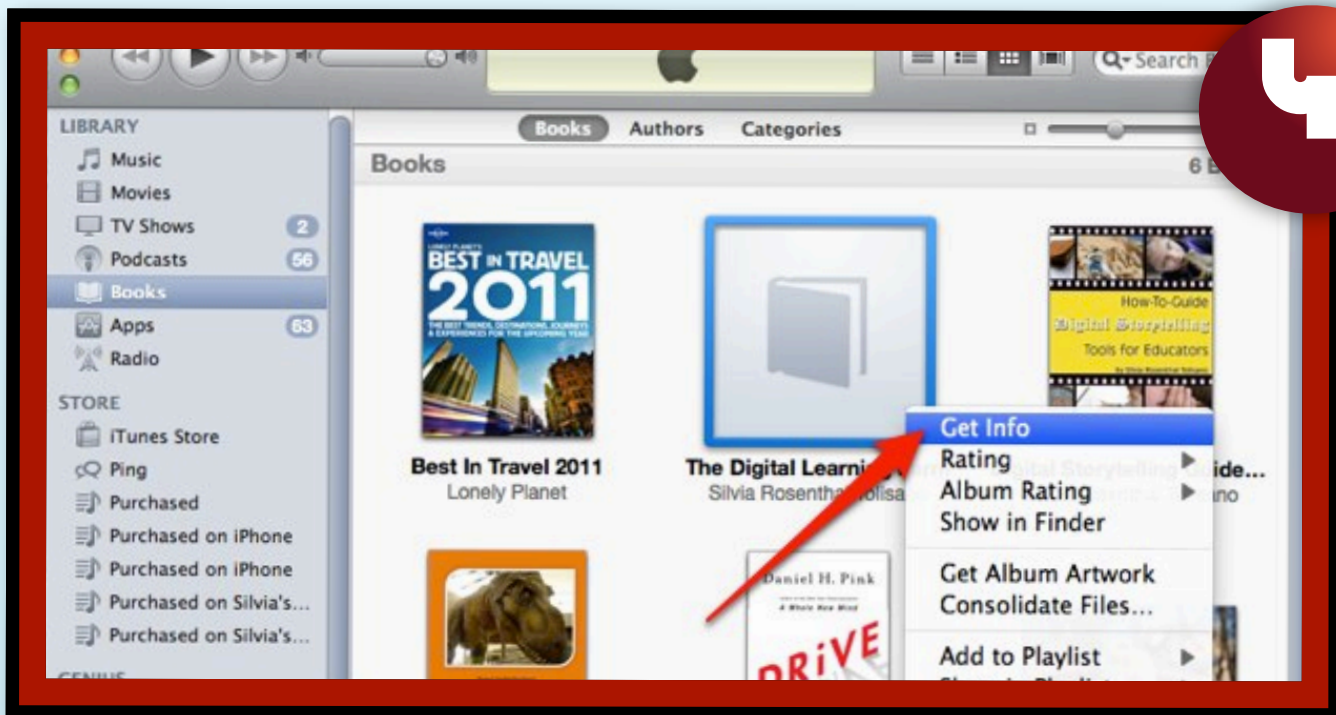

2.

**ZEPUB**  
The Free Online ePub Converter  
ZEPUB allows you to convert PDF, doc and other types of documents & books to ePub format, the standard format for eBooks, supported by almost every reading device including iPad, iPhone, iPod, Sony Reader, BeBook, Nook, Kobo (for Kindle use .mobi).  
Input formats: doc, docx, epub, fb2, lit, lrf, mobi, odt, pdb, pdf, prc, rtf  
Output formats: epub, fb2, lit, lrf, mobi

Open up iTunes. Drag and drop the .epub file into the "Books" folder of the Library.

3.

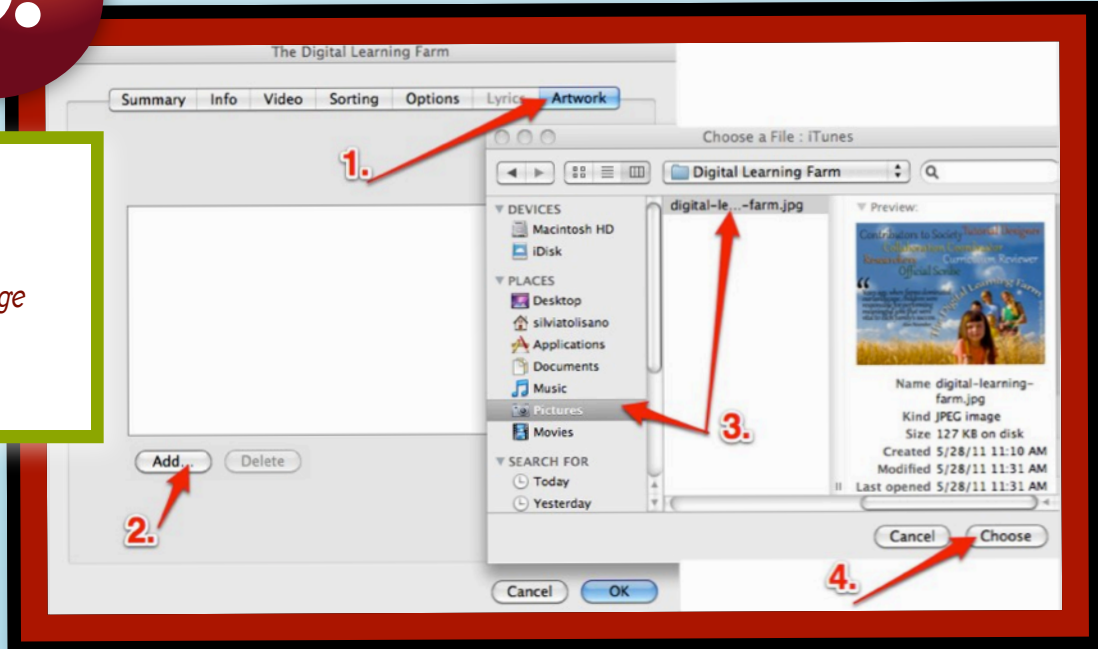

*To add Artwork (book cover) to your e-book. Right (control) click the file under the books folder and choose "Get Info".*

- 1. Choose Artwork*
- 2. Click Add*
- 3. Browse for the image*
- 4. Click Choose*
- 5. Click OK*

**b.**

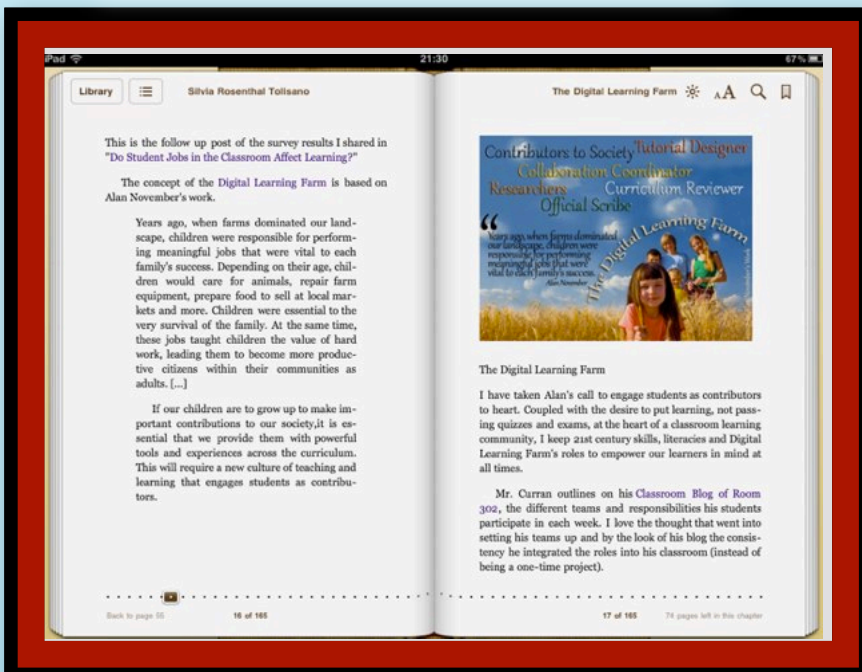

Once the file is in your Books folder of the library. Connect and sync your iPad to iTunes and the book will appear on your book shelf under iBooks.

You will be able to create customized shelves or collections to organize your e-books.

**7.**

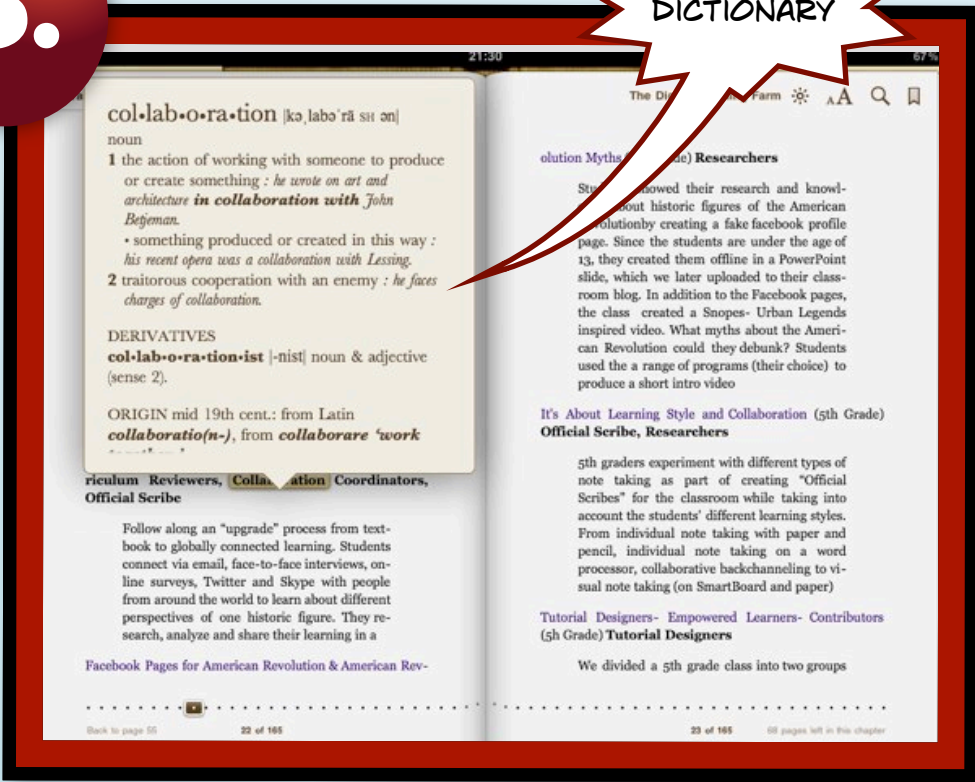

Click on the book cover to open up your e-book. It will have the same function as a book downloaded from the iTunes store. Reading size, background color, brightness, search function, bookmarking, etc...

8.

DICTIONARY

*Hold your finger on a word to select it, then choose to copy, use the Dictionary, highlight it, write a note or search in the rest of the book.*

TABLE OF CONTENTS

9.

*If you took care with the formatting of your document or used the WordPress Anthologize plugin, you will now have a functioning Table of Contents.*

## Export Format

- PDF
- ePub
- HTML
- Anthologize TEI

*Anthologize lets you create a project from individual blog posts and organize them into different parts, which later will become your e-book chapters in the Table of Contents. Once you are ready to export, choose "ePub" as the Export Format.*
